PUBLICATIONS

**INVITED TALKS**

- Discussion leader on the low temperature properties at the boundaries of helium, ULT Symposium held in Lancaster, United Kingdom in August 1990.
- “Two-dimensional magnetism of $^3$He on Graphite,” presented at the Aspen Center for Physics July 1996.
- “Can the Ferromagnetic Layers of $^3$He Undergo a Ferromagnetic Transition?”, presented at the International Symposium on Ultralow Temperature Physics, St. Petersburg, Russia, August 1999.
